## Real Estate Mortgage Application Procedures

### Thank you for your interest in applying for a Mortgage Loan with Farmers State Bank!

Written credit applications are required on all mortgage loan requests. You'll be given the proper application form, and if applicable, other disclosures requiring signed acknowledgement. Complete the application as much as possible. Should you have any questions, please ask your loan officer or processor for assistance. An incomplete application will delay the process.

We will evaluate your application considering:

- a) monthly income in relation to existing payments plus the new mortgage payment applied for;
- b) stability of monthly income;
- c) credit history and current status;
- d) amount of request in relation to the purchase price or stated value of the collateral; and
- e) all other financial information reflecting your ability to pay.

Preliminary disclosures, based on the application requested amount, will be mailed to you for review. This is not a commitment from the Bank, but a tool for comparison shopping. These disclosures give you important information about Farmers State Bank's mortgage loan program and estimated closing costs. Closing costs must be paid by you as incurred or at settlement and will not be financed along with your loan request. Included in the cost estimate is a 1% loan origination fee, applied to the loan amount, and payable to the Bank at closing. If you do not understand these disclosures or costs, please ask your lending officer or processor to explain.

If you qualify and accept Farmers State Bank's mortgage program, you will be requested to confirm your acceptance by submitting a nonrefundable appraisal fee. This fee offsets the cost of ordering an independent third-party appraisal, selected and approved by the Bank. This appraisal is necessary to determine the maximum loan value of the property offered as collateral. It is the Bank's policy to loan no more than 80% of the appraised value or 100% of the purchase price, whichever is less. Once the appraisal is received, a copy of it, and a loan value determination letter will be sent to you. The Bank will verify that you have funds available to cover any down payment and all closing costs. We will also obtain a flood determination, and should the property be located in a flood hazard area, you will be notified regarding whether or not flood insurance will be required.

If purchasing property, you should submit a copy of your contract confirming the purchase price and identifying any conditions or additional agreements between the buyer and seller.

## Real Estate Mortgage Application Procedures

You should consider whether the seller is providing a base or supplemental abstract, and whether your preference is an attorney's title opinion or title insurance. Your attorney or lending officer can discuss these options with you. The Bank may require that a survey be performed if a legal description is not clearly defined for the contract and subsequent title transfer. You will be asked to acknowledge your preference for a survey (if not required by the bank), abstracting and proof of title. Normally, the seller pays for the survey, if necessary, the preliminary abstracting, deed tax stamps, a pro-rata share of the ad valorem taxes, and one-half of the settlement/closing fee. The seller may also be responsible for any additional attorney fees related to clearing title clouds. You may contact an attorney or your lending officer for assistance in contract preparation.

Once a contract is executed and adequate legal description provided, the Bank will request that the abstract be certified to date in order to seek the preliminary attorney's title opinion or title insurance. Your lending officer will work with you and the seller to see that these tasks are completed quickly and conveniently. The applicant can choose or the Bank will select an experienced attorney for this title work.

Once the title opinion is received, the lending officer will review it for any title exceptions and/or requirements. Any title clouds that require legal action or release must be resolved prior to scheduling a loan closing. In the case of existing liens, the Bank or closing agent will seek payoff confirmation in order to make payment at settlement. Following settlement, all documents are filed of record and a final title opinion or title insurance is issued to confirm ownership and lien status.

The Bank provides an escrow account for property insurance and ad valorem taxes. You will be required to provide proof of property insurance or an application/proposal on property insurance prior to settlement, if applicable.

The Bank will schedule a loan closing or settlement date acceptable to all parties involved. An initial Escrow Account Analysis and Settlement Statement of Charges will be available at least one day prior to closing to confirm the amount due from the buyer or seller for settlement. Estimates of this amount are provided with the initial disclosures at application and periodically redisclosed as circumstances change during the process.

## Applicant(s) Agreement Real Estate Mortgage Documentation Requirements

The Farmers State Bank recommends that all purchase transactions for real estate include, at a minimum, a certified current supplemental abstract and a title insurance policy for the protection of both the buyer and the mortgagee.

Non-purchase transactions may include abstracting, attorney's title opinion and/or title insurance, depending on these agreements between the lender and the applicant(s).

The bank is also aware that in many cases, a base abstract is not available as required for the supplemental or title insurance, and the cost to build one is substantial. Therefore, the bank has accepted a stand-up attorney's title opinion for proof of good and merchantable title, when this option is requested by the applicant, and is available from an attorney.

Although an attorney is involved in the determination of good title in either case, the primary difference is that the buyer's warranty is with the title insurance company rather than from an individual attorney. Another important difference is that if this property was ever financed in the secondary market, the abstracting and title insurance is required without option.

As mentioned above, the abstracting can be expensive and there is an additional cost for the title insurance premium. Every contract to purchase real estate is negotiable between the buyer and seller, but it is common for the seller to provide a current and certified abstract, making the title insurance policy the best option.

Other documentation may include a survey of the real estate. In many circumstances, the real estate boundaries are well-defined, and the bank waives this documentation. In some cases, a tract of land is sectioned off for a partial sale and a survey provides both the buyer and the mortgagee a legal description and defined boundaries. The bank will consider the survey need on a case-by-case basis.

Other inspections, at additional cost, may be required by the buyer that are not required by the lender. You should discuss these options with your loan officer as soon as possible.

The purpose of this document and the following acknowledgment is that both lender and applicant(s) discuss and understand the differences in documentation and there is a written direction for which documents will be required or waived.

### 6-Month ARM

*This is neither a contract, nor a commitment to lend.*

Lender: Farmers State Bank of Quinton, Oklahoma

#### VARIABLE RATE MORTGAGE PROGRAM: **Three Year Treasury Constant Maturity Index**

This Variable Rate Mortgage Program Disclosure describes the features of the Adjustable Rate Mortgage (ARM) you are considering. Information on other ARM programs is available upon request.

#### **How Your Interest Rate And Payment Are Determined**

- \* Your interest rate will be based on an index plus a margin.
- \* This ARM loan carries a provision for a change in: [X] the Interest Rate [X] the Monthly Payment [ ] the Loan Term.
- \* Your payment amount will be based on the interest rate, loan balance and loan term.
- \* The index used to determine your initial interest rate and/or all adjustments is described above.
- \* Your interest rate will be equal to the Index plus the Margin, rounded. Ask us for our current interest rate and margin.

NOTE: If the index for your variable rate mortgage loan is no longer available, then lender will choose a new index which is based on comparable information.

Information about the index can be found in the Money Rate Column in the Wall Street Journal or if a Farmers State Bank of Quinton base interest rate index, check with bank lending personnel.

#### **How Your Interest Rate Can Change**

Your interest rate can change every six (6) months.

- \* Your interest rate cannot increase or decrease more than one-half (0.500) percentage point at each adjustment.
- \* Your interest rate cannot increase more than five (5.000) percentage points over the initial interest rate during the loan term.
- \* Your interest rate will never be greater than the initial rate plus 5.00% (Lifetime Cap) or less than 8.30% (Floor) during the loan term.
- \* Your interest rate will be rounded off to [X] the nearest [ ] next highest [ ] next lowest .125% at each adjustment.

Beginning with the first Change Date, your adjustable interest rate will be based on an Index. The "Index" is the weekly average yield on United States Treasury Securities adjusted to a constant maturity of three years, as made available by the Federal Reserve Board. The most recent Index figure available as of 45 days before each Change Date is called the "Current Index." Before each Change Date, the Note Holder will calculate your new interest rate by adding three and one-half percentage points (3.50%) to the Current Index.

#### **How Your Payment Can Change**

Your payment can change five (5) months from the first payment due date and every six (6) months thereafter, based on changes in the interest rate index.

You will be notified in writing at least 60 days before the due date of a payment at a new level. This notice will contain information about your interest rates, payment amount, and loan balance.

For example, on a \$10,000 thirty-year loan effective October 2022 with an initial interest rate of 8.30%, the monthly payment is approximately \$75.51. If at the beginning of the sixth year, the interest rate adjusted to 13.55%, the maximum cap of 5.00% above the initial interest rate as described in this ARM program, the monthly payment would increase to approximately \$113.34. On a \$10,000 fifteen-year loan effective October 2022 with an initial interest rate of 8.30%, the monthly payment is approximately \$97.32. If at the beginning of the sixth year, the interest rate adjusted to 13.55%, the maximum cap of 5.00% above the initial interest rate as described in this ARM program, the monthly payment would increase to approximately \$125.15. Or, on a \$10,000 five-year loan effective October 2022 with an initial rate of 8.30%, the monthly payment is approximately \$204.19. If at the beginning of the sixth year, the interest rate adjusted to 13.55%, the monthly payment would increase to approximately \$215.71. These payments are principal and interest only and do not include tax or insurance payments, when considering overall housing expense.

To see how your payment amounts may change, divide your mortgage amount by \$10,000; then multiply the payment amount stated above by that number. (For example, the monthly payment for a mortgage amount of \$60,000 would be:  $\$60,000/\$10,000 = 6$ ;  $6 \times \$75.51 = \$453.06$ ; or  $6 \times \$113.34 = \$680.04$ ).
